## Rahm Report

---

I am so excited to share some wonderful news with you! RENO is making a comeback to RPS members on August 26th, and let me tell you, it's not just a return; it's a transformation! We've poured our hearts, our science, and our passion into reimagining this formula, making it not just better but truly exceptional.

Imagine a blend so powerful yet so gentle, enriched with the hydrating marvel that is hyaluronic acid, alongside the oceanic treasure of phytoplankton. This isn't just an improvement; it's a revolution in skincare. The new formula boasts a concentration so potent that the smallest amount on your skin is enough to unlock hydration and radiance like never before.

We understand that the world of skincare can sometimes feel overwhelming, with promises made at every turn. But with RENO, it's not just about the promise; it's about the profound connection we share with our well-being, the earth, and the miraculous ingredients it offers us.

As you start your day or relax into your evening, let RENO serve as a testament to the elegance found in simplicity—a single drop containing the vast mysteries of the ocean and unlocking the secret to enduring hydration and radiance. From personal experience, I can vouch for its effectiveness; it has become my go-to, surpassing all previous products. Not just me, but my youngest son Crider and my future daughter-in-law Kelly also regard it as a top choice in their skincare routine!

We're thrilled for you to experience this new chapter with RENO, where every application is an act of self-love, a moment to pause, and a step towards a more radiant you.

As we journey through the next few months, filled with travels and endless meetings, let's keep in mind that while the life on the road may seem glamorous, it's far from it. We're doing this to make our company stronger—through networking, building our community, and ensuring that we continue to grow together.

Here's to embracing the path ahead and all the beauty that comes with it!

With Love and Light

Root Wellness  
116 Wilson Pike Circle Suite 100  
Brentwood, TN 37027

December 9, 2022

Dear Root Ambassador:

Congratulations on being a Root Ambassador! Along with the benefits of being an Ambassador come some very important responsibilities. It is critical and imperative for each of you to adhere to certain rules of behavior and this includes marketing Root products per regulatory laws which Root follows. There should never be claims that the Root products cure or prevent any illness or diseases.

Root requires that in any of your written statements or presentations of the Root Brand or Root Wellness LLC that you conspicuously include the following advisory language:

"The information provided is for educational purposes and is not intended as medical advice or a substitute for the medical advice of a physician or other qualified health care professional. We do not aim to diagnose, treat, cure or prevent any illness or disease. You should always consult with a doctor or other health care professional for medical advice or information about diagnosis and treatment. The information in this presentation has not been evaluated by the Food & Drug Administration or any other medical body."

This language is obligatory. Failure to remedy any violations immediately after having been warned will result in the immediate suspension of your account. In the event you have questions about this, please feel free to contact me.

Very truly,

Root Wellness LLC Legal and Executive teams!

## Superfoods

Have gained popularity for their exceptional nutritional benefits, backed by scientific research. These nutrient-dense foods are rich in vitamins, minerals, antioxidants, and phytochemicals, which promote health and well-being. In 2024, emerging superfoods are captivating attention for their unique properties. Examples include moringa, known for its high vitamin C and iron content, and sea buckthorn, packed with omega fatty acids and antioxidants. Adaptogens like ashwagandha and reishi mushrooms are also gaining traction for their stress-relieving and immune-supporting properties. These foods not only nourish the body but also offer potential health benefits beyond basic nutrition. Incorporating superfoods into your diet can support overall vitality and enhance your nutritional profile significantly.
