SmartLook Dress Review by Kate McKeown Saturday 19 September 2011 Manhattan's Most Fashionable Guy - Citysearch This is a useful app which provides you with all the information you need to know about the fashion industry. It has a large database of brands and stores and also includes different helpful features such as information about the right fit, finance and more. I was very pleased with the app as it was everything I could have asked for from an app which is aimed at the fashion industry. The developers have taken great care to ensure it caters for all of your needs and the interface is very easy to use and intuitive. I would recommend this app to anyone interested in the fashion industry and those who enjoy a good financial tip as well as have the best knowledge about their favorite fashion brands. SmartLook Dress Review by Jamie Saturday 12 May 2011 Great Look & Feel SmartLook Dress is a very nice and good looking app with an excellent look and feel. It is highly recommended and will definitely impress your friends and family. Thank you for making this great software! SmartLook Dress Review by SD Friday 05 January 2011 SmartLook Dress is great SmartLook Dress is a great program. It is very intuitive. It is very fast. And it displays all the info you could ever want to know about fashion. It has a large database that you can search for any item. And it has helpful features such as how to tailor items for yourself, how to change money, and how to shop around the web for the best deals. The interface is easy to use. It is very simple but gives you enough information to know what your choices are. This review is for the version 1.0.9. It came with an annoying small bug; SmartLook Dress was not able to be launched. That was resolved when the update was performed. SmartLook Dress Review by Deb Friday 25 December 2010
