The EFFECTS series has a very strong musical character.

Like the instruments in it, it is considered a specific genre. The series is part of the Synthesizers category and is also part of the Software category. The total sales of this series is likely to be worth millions of Dollars. CODE WORDS: A code word is a kind of message that is made up of a sequence of letters. Messages may be encoded to get rid of any redundancy, for example, when a message is transmitted over a noisy channel or when using a limited amount of transmission time. In a similar way, messages can be encoded to be easier to reproduce, and do not change their meaning, such as the Morse code. The CODE WORDS series is part of the Publications category and also part of the Vocabulary, and Synonyms category. The total sales of this series is likely to be worth millions of Dollars. CODE WORDS has 114 ratings and 18 reviews. Jen says: I've used this book and liked it very much. It was very helpful for helping me with my French and Japanese homework. Code Words helped me so much, I did not miss any
